# PARTAY

AT the hoxton

## The Hox has got your kids' bash covered

Children's parties. Sometimes they're wonderful, sometimes the freezing cold hall lets you in late, there aren't enough chairs, you've run out of Blu Tack and the entertainer's done a runner. And that's before you realise you didn't buy nearly enough unnaturally orange pop.

Everything we do here at the Hox is about taking the stress out of whatever you're doing – and throwing the coolest kids' party in West London without being on clean-up duty ticks that box. Our unique Apartment is just what you need for the best kids' bash ever: think awesome children's menus (from healthy bites to ice-cream sundae stations), a tonne of space for your small people to have fun and roam free, and bites and bubbles for the parents in our stylish Pantry.

The best part? If you really want to put your feet up, you can book packages and partners who can cover everything, right down to the invites, cake and party bags.

So if you're after a stylish, accessible, secure space with fabulous food and drink to keep both kids and parents happy – you know where to come.

# The Space & Neighbourhood

Looking for the coolest kids' bash in West London? Let us throw our party hat in the ring.

Our stylish event space on our ground-floor, The Apartment can be hired as an exclusive party space, with different areas available depending on what you want for your bespoke bash.

We have four rooms to use – Dining Room, Living Room, Study and Library – for up to 50 people (kids and adults included). So be it dance floor, chill-out zone, cinema set-up or fancy dress station, we've got the space to make it happen.

The venue is secure and contained so your little ones are safe to roam, with loos nearby (because we know how important easily accessible, baby-friendly toilets are at these things) and use of our amazing Pantry kitchen space, stocked and ready to go for any weary adults needing to pull up a stool.

There's no parking, but with three tube stations nearby serving four tube lines and overground rail, your guests won't have any problem finding us.

Plus, our apartment host will be on hand to make sure everything runs smoothly on the day.
